Offering tips and tricks to new stage managers as they navigate the chaotic world of theatre, Michelle Marko deploys decades of experience in a tightly packed manual. Every stage manager develops their own style, and after 20 years of ups and downs Michelle has seen it all. These survival tips can help novices and veterans alike to experience more of the exhilaration of live theatre, while learning to laugh when things don't quite go according to plan.

A reference for high school theatre teachers covering both curricular and extracurricular problems – everything from how to craft a syllabus for a theatre class to what to say to parents about a student's participation in a school play.

Award-winning musical dramatist and teacher David Spencer provides a guide-to-the-game that helps you negotiate aspects of the musical theatre business and more.

The stage manager is the renaissance man of the theater. He or she must have a working knowledge of how the various technical aspects of the theater work (scenery, props, costumes, lights and sound), be part director, part playwright, part designer and part

producer, and be prepared to act as confidant, counselor and confessor to everyone else in the company. This book addresses all of these considerations in detail and offers the reader—professional or amateur, veteran or beginner—helpful guidance and practical advice, supported by many forms and examples to illustrate the points covered in the text. The three phases of mounting and performing a show are covered. Part I takes the reader through the pre-production phase—research, the script, planning and organization, and auditions. Part II covers the rehearsal process—rehearsal rules, blocking, cues, prompting, information distribution, technical and dress rehearsals. Part III discusses the performance phase—calling the show, maintaining the director's work, working with understudies and replacements, and more. Part IV provides insights into the organizational structure or some theaters and aspects of human behavior in those organizations. Many stage managers of long-running commercial productions believe that—once the show is up and running—only ten percent of their work is related to everything covered in Parts I, II and III. The other ninety percent is associated with issues in Part IV; i.e. "managing" human behavior and maintaining working relationships.

Here are helpful tips, tricks, and trivia for any novice actor or anyone wanting to set foot on the theatrical stage for the first time. What to expect at an audition for a play. What are directors looking for in an actor and what are they trying to avoid? How does the rehearsal process work? How do you know where to walk and stand on the stage? Where are upstage and downstage? Is Stage right my right or the audience's right? How in the world can you memorize all these lines? This book will help guide you through those questions and more in

a very concise and humorous manner. Plus 14 secret rules of the stage.

Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on *The Office*, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

Detailed, step-by-step information, examples, and suggestions about how to direct a school drama program without mistakes.

Revered as the authoritative resource for stage management, this text offers students a practical manual on how to stage manage in all theater environments. Rich with practical resources — checklists, diagrams, examples, forms and step-by-step directions — Stage Management eschews excessive discussion of philosophy and gets right to the essential materials and processes of putting on a production. In addition to sharing his own expertise, Stern has gathered practical advice from working stage managers of Broadway, off-Broadway, touring companies, regional, community, and 99-seat Equity waiver theaters.
