Your guide to navigating today’s workplace and snagging that perfect job Whether you’re searching for a new job by choice or necessity, consider this book your life raft. You’ll find all the resources you need to job-hunt—from building an online presence and revitalizing your résumé to negotiating a salary and landing that job! The power of people — harness the power of the people you know — friends and family, former colleagues, social media contacts, and more — to network your way to your next job Mirror, mirror on the wall — rehab your résumé and cover letter, build a positive online presence, acquire social media street smarts, and market yourself on LinkedIn Hang your own shingle — join the growing ranks of the self-employed with advice on launching your own business, working as a freelancer, turning a hobby into a profit, and cashing in on your natural gifts Scope it out — discover which jobs are in demand and expected to grow, what they pay, and whether you’re qualified

Refire! Don’t Retire asks readers the all-important question: as you look at the years ahead, what can you do to make them satisfying and meaningful? Ken Blanchard and Morton Shaevitz point out that some people see their later years as a time to endure rather than as an exciting opportunity. Both research and common sense confirm that people who embrace these years with energy and gusto—rather than withdrawing and waiting for things to happen—consistently make the rest of their lives the best of their lives. In the trademark Ken Blanchard style, the authors tell the compelling story of Larry and Janice Sparks, who discover how to see each day as an opportunity to enhance their relationships, stimulate their minds, revitalize their bodies, and grow spiritually. As they learn to be open to new experiences, Larry and Janice rekindle passion in every area of their lives. Readers will find humor, practical information, and profound wisdom in Refire! Don’t Retire. Best of all, they will be inspired to make all the years ahead truly worth living.

The how-to guide to finding profitable, fulfilling work after 50 Aimed at workers aged 50+ looking for a new job—whether they have been laid off or taken early retirement, need supplemental income, or want to pursue an encore career—Great Jobs for Everyone 50+ is the definitive guide to finding lasting financial security and personal and professional fulfillment. Opportunities abound—the trick is knowing where to look and what to expect. Whether readers are interested in trying jobs they’ve long dreamed of doing, or just want something with flexible hours that brings in a little extra income, this book covers all the options. As Americans live longer and healthier lives, the desire to work longer—for the income, the mental engagement, or the chance to give back—has grown. But there is little guidance for the 50+ crowd looking for work and few role models who’ve blazed a path. In Great Jobs for Everyone 50+, author and personal finance, retirement, and career transitions expert Kerry Hannon shows the way, with compelling stories from people who’ve been there. Presenting the nitty-gritty details of available job opportunities, wages to expect, typical hours, and the qualifications and savvy needed to get hired, the book is loaded with practical advice on how to prepare both professionally and financially to start out on a new adventure. Shows where the best opportunities for new employment lie Helps readers find profitable and rewarding jobs to save for retirement Understands that different workers want different things from their jobs and shows how to cast a wide net to find an opportunity that fits Provides incredible insights into working after 50 from Kerry Hannon, a nationally renowned expert in personal finance, retirement, and career transitions Motivational, inspirational, and thoroughly practical. Great Jobs for Everyone 50+ explains how to find part-time, temporary, work-at-home, or seasonal employment in profitable, rewarding jobs.

A career guide that rethinks the golden years, this handbook offers 50+ income models for creating flexible, fulfilling, and profitable work during the encore stage of one’s career. RETHINK YOUR RETIREMENT For many people, retirement is no longer a trifecta of golf, grandkids, and gardening—it’s an opportunity for new pursuits that involve both earning income and exploring personal passions. If you’re planning for retirement or already at “retirement age” but want to continue working—whether to supplement your income or to stay mentally and physically active—veteran career coach Nancy Collamer shows how to identify your favorite interests and expertise and repackager them into more than fifty ways to earn income. These second acts range from the traditional (part-time employment, consulting) to newer Internet-based options (teaching online, writing a blog). With a prescriptive approach to securing second-act careers that are flexible, fulfilling, and fun, this book offers a wide variety of income-generating examples as well as exercises to clarify your lifestyle goals and help you plan for your next move. Second-Act Careers shows how to create a profitable and meaningful semi-retirement on your own terms and in your own way.

The ABA Checklist for Family Heirs is a wonderful tool for anyone needing assistance in organizing information for heirs. The book, which comes complete with a CD of documents that can be modified according to one’s needs, includes the following checklists: personal history; family history; insurance; benefits for survivors; banking and savings; investments; real estate; debts; wills and trusts; and final wishes.

This New York Times bestseller is a hilarious and inspiring tribute to the iconic comedian Joan Rivers by the person who knew her best—her daughter, Melissa. Joan and Melissa Rivers had one of the most celebrated mother-daughter relationships of all time. If you think Joan said some outrageous things to her audiences as a comedian, you won’t believe what she said and did in private. Her love for her daughter knew no bounds—or boundaries, apparently. (“Melissa, I acknowledge that you have boundaries. I just choose to not respect them.”) In The Book of Joan: Tales of Mirth, Mischief and Manipulation, Melissa shares stories (like when she was nine months old and her parents delivered her to Johnny Carson as a birthday gift), bon mots (“Missy, is there anything better than seeing a really good looking couple pushing a baby that looks like a Sasquatch who got caught in a house fire?”), and life lessons from growing up in the Rosenberg-Rivers household (“I can do tips and discounts and figure out the number of gay men in an audience to make it a good show. That’s all the math you’ll ever need.”). These were just the tip of the iceberg when it came to life in the family that Melissa describes as more Addams than Cleaver. And at the center of it all was a tiny blond force of nature. In The Book of Joan, Melissa Rivers relates funny, poignant and irreverent observations, thoughts, and tales about the woman who raised her and is the reason she considers valium one of the four basic food groups.

AWARDS: Independent Publisher Book Award 2015 (Silver) and National Mature Media Award 2015 (Bronze) Step-by-step tips for revitalizing your career Yes, it is possible to have a job you love, and it doesn’t require starting from scratch. Love Your Job is a guide to making work fulfilling and fun — again, or even for the first time. Why count down the hours of the day or the days to retirement when you could reinvigorate your workday, transforming the daily doldrums into a daily dose of enjoyable activity? Kerry Hannon, The New York Times columnist and AARP’s Jobs Expert, focuses on the little things that can make a big difference in how we feel about work. Love Your Job is all about the routines, habits, and thought patterns that, over the years, may have turned a dream job into a drudge or, worse, a nightmare. Changing these habits and attitudes is simple, and this book shows you how to identify the little things that make work enjoyable and engaging. Using these simple techniques, you can adopt the attitude that will keep you happy and that might just lead to bigger and better things, no matter what stage of your career you are in. In this book, you will learn to: Develop new habits that bring more purpose into every single workday Rekindle your hope and motivation by celebrating small successes Recognize negative patterns that keep you from enjoying your job Craft an entrepreneurial attitude that will get you noticed and enrich your work life We all deserve to experience happiness and satisfaction every day, at every stage of our careers. Kerry Hannon explains that you don’t have to make a huge career transition to love work again. But if you reinvent the way you see work, who knows where your new outlook will lead? Wake up to the countless possibilities that await you with Love Your Job.

“While demographic forces make it inevitable that social institutions that encouraged workers to retire in their early sixties must change, this book shows that how we make these changes will have substantial implications for the risk of poverty and the general level of economic well-being of older populations. Its theme is that policy changes that encourage those able to work at older ages to do so must not come at the expense of

our current system's protection of those less able to work. This is an important book for those interested in understanding how recent changes in the United States retirement system are impacting the employment and economic well-being of older workers." --Richard V. Burkhauser, Sarah Gibson Blanding Professor of Policy Analysis and Management, Cornell University "The editors have done an excellent job of compiling some very valuable and interesting papers on working longer. With improvements in health and life expectancy, the decreasing physical requirements of work, and our financing shortfalls, the options of working longer, phased retirement, and more flexibility for retirement ages in retirement plans can be winners. In particular, I found the Introduction's synopsis of the papers by itself worth the price of the book." --Ron Gebhardt'sbauer, American Academy of Actuaries While mandatory retirement has been eliminated in the United States, a myriad of policies and practices surround pensions, social security, tax law, labor contracts, and health benefits, all of which may have an impact on an older worker's decision to work or retire and an employer's decision to retain and train an older worker. In Work Options for Older Americans, Teresa Ghilarducci and John Turner assemble a critically important volume that systematically addresses many of the issues considered on a daily basis by employees and employers. Work Options for Older Americans brings together discussion of these issues by well-known economists and scholars in other fields, from the Government Accountability Office, the AARP Public Policy Institute, the U.S. Department of Labor, and academia. The book contains eleven articles, along with commentary, that deal with issues of employment opportunity and constraints for older persons, pension types and coverage, retirement choices, and public policies that promote or hinder either retirement or employment of the elderly. Contributors present effective ways to prepare for this unprecedented growth in the number of older workers. In the introduction, Teresa Ghilarducci and John Turner identify how the labor market changes dramatically as workers age and how these changes affect the ongoing bargaining between employers and workers. The question is, are the options that workers want the same as those that employers offer?

This book is a companion to the PBS documentary Caring for Mom and Dad (May 2015) and Sally Hurme's ABA/AARP Checklist for Family Caregivers: A Guide to Making It Manageable.
