Red, blue, yellow, green, orange, purple, pink—animals can be startlingly colorful. Why are they found in so many shades, tints, and hues? From the scarlet ibis to the blue-tongued skink, award-winning author/illustrator Steve Jenkins depicts a whole world of colorful animals in his signature style. Living Color explores a range of animals from old favorites like the pink flamingo to rare and fascinating creatures such as the long-wattled umbrella bird and the ringed caecilian. How do the brilliant feathers, scales, shells, and skin of these animals help them survive? Find out in this strikingly beautiful book how animals use color to warn predators, signal friends, attract a mate, or hide from their enemies.

Celebrate Christmas with Peter Rabbit and Beatrix Potter's other classic characters! This popular activity book is available again, and it's been updated with a bright, Christmasy new cover. Filled with puzzles, stickers, recipes, and more, this book has everything Peter Rabbit fans need for a very merry Christmas.

One of the chief difficulties in studying the history of Christianity is the lack of prior exposure to the subject that students often bring with them. Struggling to keep up with the large numbers of names, dates, and places presented to them, it is easy for students to lose sight of the "big picture," the broad sweep of movement and change that instructors most wish to communicate. Justo Gonzalez has written this book to help students gain just such a quick and basic grasp of the main periods and issues in the history of Christianity. Drawing upon his own extensive experience and that of others, he contends that having been introduced to the essentials of church history in a brief and accessible form, students are far better able to understand and appreciate what they encounter in more detailed lectures and reading. Gonzalez provides a comprehensive opening chapter that summarizes major issues and concerns of each of the principal eras of church history. Subsequent chapters focus on the ancient church, the Christian empire, the Middle Ages, the Reformation, the seventeenth through nineteenth centuries, and the twentieth century and the end of modernity.

On the first day of first grade, an imaginative young pirate and his crew find treasures abound at school, from boarding a big yellow "boat" and plank walking at recess to exploring pages of treasure at the library.

When Regina's friends insist on setting her up a "Fantasy Fix" to help her get over her cheating ex, she dreams up some kinky out-of-this-world encounters that they could never possibly bring to life. But the next thing Regina knows, her friends have got her laced into a shiny black corset, tight leather pants, and a sexy pair of stilettos. It's time for some downtown vampire-fantasy fun. . . . The Vampire Ball in Manhattan's East Village isn't really Dmitri Vid à me's idea of a good time, but as a member of the Council that governs the Others, he has to keep an eye on all the young vamps who prey on the pretenders. After he feasts his dark eyes on fiery Regina at the bar, he knows that he must have her. But for the first time Dmitri meets a woman who is more than a match for his indomitable will. And he may be the fantasy Regina hoped for... until she—and her feisty friends—discover her sexy new lover's bloodsucking secret...
