Animal farm is an allegoryabout Russia in the twentieth century. In an allegory, the characters and events symbolise (represent) real people and real events. Animal Farm can also be described as a fable. A fable is a short story designed to teach a moral lesson.

### [Animal Farm Study Guide - The Total Group](#)

All animals are equal but some animals are more equal than others. It's just an ordinary farm - until the animals revolt. They get rid of the irresponsible farmer. The other animals are sure that life is improving, but as systems are replaced and half-truths are retold, a new hierarchy emerges. . . . Orwell's tale of propaganda, power and greed has never felt more pertinent. With an exciting new cover and inside illustrations by superstar Chris Mould.

On 20th August 1940 Trotsky's life was brutally ended when a Stalinist agent brought an ice pick crashing down on his head. Among the works left unfinished was the second part of his biography of Stalin. Trotsky's Stalin is unique in Marxist literature in that it attempts to explain some of the most decisive events of the 20th century, not just in terms of epoch-making economic

and social transformations, but in the individual psychology of one of the protagonists in a great historical drama. It is a fascinating study of the way in which the peculiar character of an individual, his personal traits and psychology, interacts with great events. How did it come about that Stalin, who began his political life as a revolutionary and a Bolshevik, ended as a tyrant and a monster? Was this something pre-ordained by genetic factors or childhood upbringing? Drawing on a mass of carefully assembled material from his personal archives and many other sources, Trotsky provides the answer to these questions. In the present edition we have brought together all the material that was available from the Trotsky archives in English and supplemented it with additional material translated from Russian. It is the most complete version of the book that has ever been published.

Ray Moore's Study Guides provide insights into demanding texts. Animal Farm is George Orwell's brilliant satire on the betrayal, by Stalin and the Communist Party, of the ideals of Marxism which led to the Russian Revolution of 1917. In the guise of a children's farm yard fairy tale, Orwell is able to engage the reader's sympathy for the victims of totalitarian oppression everywhere. This guide is ideal for individual students, reading groups, or class study at high school or undergraduate levels. It offers the reader insight into what Orwell set out to achieve in his apparently simple animal fable. Includes: - Detailed discussion of Orwell's life and ideas, characters, genre, narrative voice, themes, and symbolism; - Each chapter contains extensive sections on historical background and critical commentary, together with guiding questions that suggest issues for further discussion and thought;. - Four graphic organizers allow the reader to make concise notes; - A glossary of relevant literary terms; - Three vocabulary activities together with accompanying tests (answers included); - Suggestions for group discussion and post-reading activities.
