The allegory of the long spoons is a parable that shows the difference between heaven and hell by means of people forced to eat with long spoons. It is attributed to Rabbi Haim of Romshishok, as well as other sources. The allegory can be summarized as follows: In each location, the inhabitants are given access to food, but the utensils are too unwieldy to serve oneself with. In hell, the people cannot cooperate, and consequently starve. In heaven, the diners feed one another across the table and

Siberia has no history of independent political existence, no claim to a separate ethnic identity, and no clear borders. Yet, it could be said that the elusive country 'behind the Urals' is the most real and the most durable part of the Russian landscape. For centuries, Siberia has been represented as Russia's alter ego, as the heavenly or infernal antithesis to the perceived complexity or shallowness of Russian life. It has been both the frightening heart of darkness and a fabulous land of plenty; the 'House of the Dead' and the realm of utter freedom; a frozen wasteland and a colourful frontier; a dumping ground for Russia's rejects and the last refuge of its lost

On November 22, 1963, three great men died within a few hours of each other: C. S. Lewis, John F. Kennedy and Aldous Huxley. All three believed, in different ways, that death is not the end of human life. Suppose they were right, and suppose they met after death. How might the conversation go? Peter Kreeft imagines their discussion as a part of The Great Conversation that has been going on for centuries. Does human life have meaning? Is it possible to know about life after death? What if one could prove that Jesus was God? With Kennedy taking the role of a modern humanist, Lewis

representing Christian theism and Huxley advocating Eastern pantheism, the dialogue is lively and informative. This new edition of this classic work includes a postscript in which Kreeft describes why and how he wrote what has remained a standard of apologetic literature for a generation. He also adds an outline and index to the book as well as a never-before-published dialog in which he imagines "A World Without an Easter." Now more than ever this book offers an animated interaction that involves not only good thinking but good drama.

It's dark, but I've come to grow fond of the dark. After a century or two you tend to find certain things you can find solace in! Centuries ago, it was said that a child would be born who was half demon and half angel. This child would decide the war between Heaven and Hell. Kaine is the one prophesized, but he has other ideas. Flouting his pre-ordained path, Kaine refuses to choose between the two and instead vows to rid mankind of any and all supernatural influence. From the years when he was a knight in the Third Crusade all the way to the modern day, Kaine has grown familiar with people trying to kill him. But with his brother, a secret society, and an old friend all hunting him, he finds himself on the run as he tries to chase down answers and protect the innocent. It's all just a normal day when you're stuck Between Heaven and Hell! Author Michael DiMura is a lifelong resident of Middlesex, New Jersey, where all of his family as well as his fiance and future stepchildren live. He is currently researching the sequel of Between Heaven and Hell."
