Sadly - but inevitably, i suppose - Mark Billingham has never quite managed to capture the excellence of the first two or three in the Tom Thorne series. This isn't bad and has some good moments. However, I have to say that I think he is wrong to narrate his books himself - he's a good writer but I find his narration flat and for me it detracts from a proper enjoyment of the book.

the dead woman's fist - and it quickly becomes clear that this case is anything but ordinary. DI Thorne discovers that the victim's mother had herself been murdered fifteen years before by infamous serial killer Raymond Garvey. The hunt to catch Garvey was one of the biggest in the history of the Met, and ended with seven women dead. When more bodies and more fragments of X-ray are discovered, Thorne has a macabre jigsaw to piece together until the horrifying picture finally emerges. A killer is targeting the children of Raymond Garvey's victims. Thorne must move quickly to protect those still on the murderer's list, but nothing and nobody are what they seem. The ninth book in the Tom Thorne series, from bestselling author Mark Billingham. It has been a decade since Alan Langford's charred remains were discovered in his burnt-out car. His wife Donna was found guilty of conspiracy to murder her husband and served ten years in prison. But just before she is released, Donna receives a nasty shock: an anonymous letter containing a photo of her husband. The man she hates with every fibre of her being - the man she paid to have murdered - seems very much alive and well. How is it possible that her husband is still alive? Where is he? Who sent the photo, and why? DI Tom Thorne becomes involved in a case where nothing and no one are what they

A stunning 20th anniversary paperback edition of the groundbreaking first Tom Thorne novel, a case that changed crime fiction forever . . . Alison Willetts has survived a stroke, deliberately induced by a skilful manipulation of pressure points on the head and neck. She can see, hear and feel but she is completely unable to move or communicate. In leaving Alison Willetts alive, the police believe the killer's made his first mistake. Then DI Tom Thorne discovers the horrifying

truth: it isn't Alison who is the mistake, it's the three women already dead. Thorne must find a killer whose agenda is disturbingly unique, and Alison, the one person who holds the key to the killer's identity, is unable to say anything . . . Police officer Helen Weeks walks into her local newsagent's on her way to work. It's the last place she expects to be met with violence, but she is about to come face to face with a gunman. The hostage-taker is desperate to know what happened to his beloved son, who died a year before in youth custody. By holding Helen at gunpoint, he will force a re-

investigation into his son's death. And one man knows the case better than any other - DI Tom Thorne. As the body count rises, Thorne must race against time to bring a killer to justice and save a young mother's life.

Luke Mullen, the missing teenage son of a former police officer, was last seen getting into a car with an older woman. No one knows whether he went willingly or was abducted, whether he's living or dead. Then the videotape arrives . . . On special assignment, Detective Inspector Tom Thorne is in charge of the investigation into Luke's disappearance. But it's the information that Tony Mullen, the boy's father, is not freely sharing that Thorne finds particularly disturbing—like the names of dangerous criminals who have openly threatened

the tough ex-detective and his entire family. Something shocking and deadly may well be buried deep in old cases and past lives. But Thorne knows he doesn't have the luxury of time to dig—especially when a kidnapper brutally demonstrates that he is willing to kill.

Killing becomes a twisted team sport in this “smart, fast-paced procedural” from the award-winning author of *Sleepyhead* (Booklist). It was a vicious, calculated murder. The killer selected his victim at London's Euston station, followed her home on the tube, strangled her to death in front of her child. At the same time, killed in the same way, a second body is discovered at the back of King's Cross station. It is a grisly coincidence that eerily echoes the

murders of two other women, stabbed to death months before on the same day. DI Tom Thorne sees the link and comes to a horrifying conclusion. This is not a serial killer that the police are up against—this is two of them. Finding the body used to be the worst part of the job, but not any more. Now each time a body is found, Thorne knows that somewhere out there is a second victim waiting to be discovered. But while the killers' methods might be the same, their manner is strikingly different. Thorne comes to realize that he is hunting very different people—one ruthless and in control, the other submissive, compliant, terrified. Thorne must catch a man whose need to manipulate is as great as his need to kill. A man who will threaten those closest to Thorne himself and show him that the ability to inspire terror is the deadliest

Tom Thorne's career is on the skids. Having seriously crossed the line on his last case and depressed over the recent suspicious death of his father, the once ambitious police detective has been reduced to pushing papers . . . and is being encouraged to take a prolonged leave of duty. But someone is stalking the city's most destitute citizens. Three homeless men have recently been kicked to death, each brutalized corpse discovered with a banknote pinned to its chest. With nothing to lose, Thorne volunteers to try to find

the killer—taking to the streets he knows so well from his days as beat policeman and as a homicide detective, but this time joining the squalid ranks of life's rejects. In this harsh and harrowing netherworld, with its own rules and moral codes, a shocking link between the brutal crimes and a fifteen-year-old atrocity could end up costing Thorne what little life he has left.

“The next superstar detective” is back to stop a serial killer with a bizarre pattern—his victims are all taking their own lives (Lee Child). Recently demoted for stepping out of line once too often, prickly inspector Tom Thorne is convinced that a spate of suicides among the elderly in south London is something more sinister. When his concerns are dismissed by former colleagues at the CID, and even by his patient

girlfriend, Thorne can only trust himself and his best friend—gay pub-crawling pathologist Phil Hendricks—with his suspicions of murder. Thorne draws a chilling connection between the deaths and a controversial case three decades old. But by going solo with his investigation, he not only risks the lives of those closest to him, but also further endangers those being targeted by a deranged killer—a man with the power and cold-blooded motives to coerce his vulnerable victims toward a breathtaking end. “Tom Thorne, the hero of a well-groomed series of police procedurals” by multiple award-winning Mark Billingham, returns—and he’s “on the hunt for a killer who proves to be extremely clever and really, really mean” (The New York Times Book Review). “One of the most consistently entertaining, insightful crime writers

On an island off the Welsh coast, Inspector Thorne faces a sadistic adversary who'll “certainly make your skin crawl” (The New York Times Book Review). Who'd trust a depraved killer like Stuart Nicklin? Tom Thorne, the DI who put him away, has to. Nicklin has promised to bring closure to the grieving mother of one of his first victims by finally revealing where the body can be found. But there's just one condition: Thorne must accompany him to the burial ground—the remote Bardsey Island, which is cut off from the mainland of Wales in more ways than one. Nicklin is in cuffs, surrounded by

authorities, and under watchful eye. What could go wrong? As the macabre outing begins, so do Nicklin's mind games—and it becomes clear that his motives are far from altruistic. There are more than bones buried on the storm-shrouded island. There are secrets, too. And as Thorne becomes entangled in the twisted schemes of a manipulative psychopath, he'll be left with the most terrible choice he's ever had to make. Gillian Flynn calls Mark Billingham “one of the most consistently entertaining, insightful crime writers working today”—and in *The Bones Beneath* he makes sure “readers’ nerves will be shredded . . . [in] a tour de force of suspense” (Kirkus Reviews, starred review). “Chilling . . . Billingham certainly knows how to make those pages turn even while your stomach churns.” —Publishers Weekly
