IB Chemistry HL study guide — Peak Study Resources

Chemistry guide 3 Choosing the right combination Students are required to choose one subject from each of the six academic areas, although they can, instead of an arts subject, choose two subjects from another area. Normally, three subjects (and not more than four) are taken at higher level (HL), and the others are taken at standard level (SL).

A site that offers useful and trustworthy IB notes and study guides for free to help high school students study and prepare for IB exams!

IB Study Notes - Free IB Notes

My Chemistry teacher advised me to buy this one, but I don't particularly like it. It seems like a lot of HL information is missing, and quite a few things are not explained very well. On the plus side, the diagrams are (mostly) excellent, but I still prefer the Oxford IB HL Chemistry Study Guide which I bought later (I now use both).

IB Chemistry Exam Secrets Topic 2: Atomic Theory. Welcome to day 2 of the Chemistry Exam Secrets email course. Here are the most commonly occurring subtopics in a recommended study order: Atomic Notation Understanding atomic notation is absolutely necessary to understanding chemistry. Be familiar how to interpret ions as well as neutral atoms.

Topic 2: Atomic Theory - IB Exam Preparation - Studynova

For HL Math, Physics and Chemistry, there were these study guide books designed by Oxford and went through every chapter that I had for the subjects. These books were about 50–80 pages long and explained each concept in each chapter in a very nice and concise manner. They had a page of equations and explained each one as well.
