"When Doctor Who began airing on the BBC in 1963, British audiences were introduced to the rogue Time Lord from the planet Gallifrey. Now, viewers from all over the world are glued to their screens for the mysterious Doctor’s intergalactic adventures. But how did this time traveler became such a beloved character? This book provides readers with the inside scoop on the Doctor’s unique time machine, loyal companions, and diabolical foes”--

A treasury of intricately detailed intergalactic images features the intrepid Doctor Who, who travels through time and space on spreads that invite young fans to find the doctor hidden among Cybermen, Daleks and other series-inspired characters and objects. Reprint. TV tie-in.

Alice Obiefune always wanted to see a space station - one of those proper ones. Maybe with an exotic matter wormhole nearby, if it's not too much trouble. The views are breathtaking... but so is the formless creature creeping through the station, stealing voices and inflicting comas on those research scientists unlucky enough to be caught. Tracking the temporal trail of the slippery SERVEYOU incorporation, has the Doctor found more than he bargained for? And will this entity from between the stars be the death of them all?

Over billions of years of time travel, the Doctor has run into his fair share of important people - and he's formed opinions on most of them too. Now the Twelfth Doctor has got hold of a history textbook from Coal Hill School, and he's decided to improve it with notes of his own! From Nefertiti to Robin Hood, this essential Doctor’s guide gives us his unique take on Earth’s most famous historical figures. Through annotations, scribbings and his trademark snarky humour, the Doctor has plenty to say about the pudding-brained humans he’s met on his travels. It’s history . . . but perhaps not quite as you know it!

Embark on a strange and enchanting adventure with old foes and monsters in this glorious crossover of Doctor Who and The Wonderful Wizard of Oz. When a sudden tornado engulfs the TARDIS, the Thirteenth Doctor and her fam find themselves transported to the magical land of Oz. With a damaged TARDIS and an unexpected stowaway from the 1930s, their only hope of getting home is to follow the yellow brick road. But when an army of scarecrows ambushes them, they quickly realise that everything is not as it should be, and they’re thrown into a fight for survival against a mysterious enemy. As each of her companions becomes a shadow of their former selves, only the Doctor is left standing. Desperate to save her friends, she must embark on a perilous journey to seek help from the mysterious Wizard of Oz - and stop whatever forces are at work before she and her friends are trapped in the fictional world forever.

Learn your 1, 2, 3 across the stars, with the help of the Doctor and friends! One Doctor. Two Hearts. Three Knocks. Four Daleks . . . A Doctor Who counting book with a timey-wimey twist on every page! Featuring Doctors, companions and monsters both past and present, kids of all ages will love this Doctor Who numbers book. In the wonderful style of T is for Tardis, this includes stunning original illustrations, in a retro style, on every page

The Phaeron travelled among the stars using roads made from time and space, when humans discover the last Phaeron road the Doctor and Clara join an expedition to see where the road leads.

Premiering the day after the JFK assassination, Doctor Who humbly launched one of the entertainment world’s first super-brands. We begin with a look at TV programming of the day and the original pitch documents before delving into the Daleks, which almost didn’t make the cut but inspired many monsters to follow. After three years, First Doctor William Hartnell left, prompting the BBC to recast their hit rather than end it, giving us the first “regeneration” and making TV history. We follow the succession of Doctors—including Third Doctor Jon Pertwee, exiled to Earth and targeted by the Master—and see how the program reflected the feminism of the 1970s while gaining mainstream popularity with Fourth Doctor Tom Baker . . . until declining support from the BBC eventually led to cancelation. Fan outcry saved the series only for it to suffer a repeat cancelation. Yet many continued to enjoy the Whoniverse in syndication, novels, audio dramas, and Doctor Who Magazine. Paul McGann impressed many as the Eighth Doctor in a 1996 TV movie, but it failed to reignite the series. A new age dawned in 2005 with Ninth Doctor Christopher Eccleston and a serious special effects budget before Tenth Doctor David Tennant helped rocket the series to international popularity and a new era of spinoffs. With Eleventh Doctor Matt Smith, the show became a bona fide success here in America. Following the program’s fiftieth anniversary, Whovians will meet the Twelfth Doctor, ushering in yet another era for the unstoppable Time Lord. Featuring discussions of concepts and characters, with insights from producers, writers, and actors from across the years, here is a rich, behind-the-camera investigation into the dazzling multiverse of Doctor Who.

It’s a brand-new Mad Libs based on the beloved, long-running, British science fiction television series "Doctor Who, " with 21 original stories. Illustrations. Consumable.

Travel with the Doctor in this essential companion for the modern Doctor Who era Since its return to British television in 2005, through its 50th anniversary in 2013, to its historic casting of actress Jodie Whittaker in the title role, Doctor Who continues to be one of the most popular series in Britain and all over the world. Who Is The Doctor 2 is a guide to the new series of Doctor Who starring Matt Smith, Peter Capaldi, and Jodie Whittaker. Every episode in series 7 to 11, as well as the 50th anniversary specials, is examined, analyzed, and discussed in thoughtful detail, highlighting the exhilarating moments, the connections to Doctor Who lore, the story arcs, the relationships, the goofs, the accumulated trivia and much, much more. Designed for die-hard Whovians and Who newbies alike, Who Is The Doctor 2 explores time and space with the Doctor and chronicles the imagination that has made Doctor Who an iconic part of culture for over 50 years.
