In the same way women have been excluded from the early modern history of education by definitions of education as only what occurred in schools and universities. This collection of essays broadens the definition of education, incorporating informal, vocational, domestic, and social education, along with formal education to allow women's training and learning to be fully studied.

Women's Education in Early Modern Europe: A History, 1500 ...

Female education During the century, the education of girls was not entirely neglected, and France was notable for its efforts. Mme de Maintenon , for instance, had been a pupil of the Ursuline nuns in Paris and then a governess at the court of Louis XIV before she was wedded to the king in 1684.

Education - Courtly education | Britannica

Amanda E. Herbert's fresh and important study of women's alliances in early modern Britain opens with a quotation from Mary Evelyn listing the duties of elite women in the late 17th century. Reading as follows: [the care of children's education, observing a husband's commands, assisting the sick, relieving the poor, and being serviceable to our friends] (p. 1).

Female Alliances: Gender, Identity and Friendship in Early ...

But there was little attempt, in the seventeenth century, to provide substitutes for what women had lost by the dissolution of the convent schools. For accomplishments, such as singing and dancing, wealthy families engaged special masters—generally French—and the domestic chaplain sometimes acted as tutor for the more solid parts of education.

Tea at Trianon: Women's Education in 17th Century England

An important footnote to 17th-century provisions for girls' education is provided by attempts to keep alive in the London suburbs, even during the penal era, the ideal of a conventual education for the daughters of Roman Catholic families.

Private Education from the Sixteenth Century: Developments ...

The education system in France can be traced back to the Roman Empire.Schools may have operated continuously from the later empire to the early Middle Ages in some towns in southern France. The school system was modernized during the French Revolution, but roughly in the 18th and early 19th century debates ranged on the role of religion.
