A Study of Biometric  
Approach Using Fingerprint  
Recognition.

Abstract—Fingerprint (FP)  
serves to identify that the

# Access Free Fingerprint Research Paper

person authenticating is who he/she claims to be. FP identification is popular biometric technique due to easiness in acquiring, availability of plenty sources (i.e. ten fingers) for collecting data and

# Access Free Fingerprint Research Paper

their established use. This paper summarizes the research work carried out in FP matching techniques, recognition methods and their performance analysis.
