complex myth of
Freud as
"psychoanalytic hero"
as it served to
consolidate the
analytic movement.

In this monumental
intellectual
biography, Frank
Sulloway
demonstrates that

Read Book Freud Biologist

Freud always remained, despite his denials, a biologist of the mind; and, indeed, that his most creative inspirations derived significantly from biology.

Sulloway analyzes the political aspects of the complex myth of Freud as psychoanalytic hero as it served to

Read Book Freud Biologist

consolidate the
analytic movement.
This is a revolutionary
reassessment of
Freud and
psychoanalysis.

Wars against Freud
were waged along
virtually every front

Read Book Freud Biologist

in the 1980s. In *Freud and His Critics*, Paul Robinson takes on three of Freud's most formidable detractors, mounting a thoughtful, witty, and ultimately devastating critique of the historian of science Frank Sulloway, the psychoanalyst Jeffrey Masson, and the

Read Book Freud Biologist

philosopher Adolf Grünbaum. Frank Sulloway contends that Freud took most of his ideas from Darwin and other contemporary thinkers—that he was something of a closet biologist. Jeffrey Masson charges that Freud caved in to peer pressure when he

Read Book Freud Biologist

abandoned his early
seduction theory
(which Masson
believes was correct)
in favor of the theory
of infantile sexuality.
Adolf Grünbaum
impugns Freud's
claim to have
grounded his
ideas—especially the
idea of the
unconscious—on
solid empirical
