Many times they are very quick to get started using, but in my experience, become annoying and quirky as the project grows. Enter Django Channels. Django Channels is a fairly new project by Andrew Godwin that extends Django to make it easy to work with WebSockets in a way that should already be familiar to those that use Django. Recently, Channels has been adopted as an official Django Project, so it ' s here to stay and will continue to see love from the Django core team and community going ...
