Sadako Yamamura, also known as Park Eun-suh and Samara Morgan, is the main antagonist of Koji Suzuki's Ring novel series and the film franchise of the same name. Her name combines the Japanese words for "chaste" and "child". Sadako's fictional history alternates between continuities, but all depict her as the vengeful ghost of a psychic who was murdered and thrown into a well. As a ghost, she uses nensha, her most distinctive power and weapon, to create a cursed video tape that will kill whoever

Ghost in the Ring - Jonathan Moeller, Pulp Writer

A cohabitation comedy about a ghost of a high school girl who has been dead for 5 years and an exorcist college boy with the ability to see and hear ghosts. What he's discovered over the years is that he can touch them and fight them off, so when he's in need of a part-time job and can't find one that pays well enough, he starts putting ads online as an exorcist for hire.

Bring It On, Ghost (2016) - MyDramaList

The ghost ring peep sight performs the same function but takes the diameter of the opening in the opposite direction. The opening in the center of the ring is often as large as $\frac{1}{4}$ inch, which promotes speed and seeing the target well even at dawn and dusk - or in the middle of the night in a home defense situation.

How A Ghost Ring Peep Sight Works - Beretta

A ghost ring sight uses a very thin ring at the rear sight that almost disappears when the shooter looks through the ring up close, which is why it has been dubbed the "ghost ring" sight. This sight allows the shooter to simply look through the ring at the target while keeping the front sight post in

the center of the ring to acquire a good sight picture.

Hello again. Unfortunately, I am still getting ghost rings on my wired door chime (NOT on the Ring doorbell itself). I just got off the phone with the manufacturer of the wired door chime and she explained to me that a wired doorbell works on an open circuit, so the only way it will chime is if the button closes the circuit or triggers the circuit somehow to close.

Wired Doorbell Ghost Rings - Ring Community

The sight includes a circle-shaped aperture called a ghost ring that is affixed to the top of the gun near the stock. The other part of the sight is a post that is located near the part of the rifle from where the bullet is fired. Ghost ring sights are more accurate than sights that are completely open, but less so than high-powered rifle scopes. Still, hunters who become accustomed to ghost ring sights can shoot animals effectively with them.

How to Use a Ghost Ring Sight | Gone Outdoors | Your ...

The ghost ring gets its name from the fact that when held close to the eye (as on a long gun), a large aperture/thin wall ring will "ghost out" and become blurry and indistinct. You don't even have to think about it, you will subconsciously (more or less) center that front sight in the blurry ring.
