Sumerians were the most extraordinary people who ever lived on the face of the earth. They seemed to come from out of nowhere, and they single-handedly invented civilization when most of the rest of the world was still living in the Stone Age. What's more, they did it thousands of years before anyone else. The Sumerian civilization was already ancient when it ended in 2004 B.C., twenty centuries before Julius Caesar, sixteen centuries before Socrates, and seven centuries before Tutankhamen. The Torah is the first five books of the Hebrew and Christian Bible. Torah means to teach. What does the Torah teach? How does the Torah teach? Scholars agree the Bible evolved from an oral tradition to its written form. This book examines the messages of the Book of Genesis, the first book of the Bible, based on what those messages would have sounded like to an audience in the original oral tradition. The episodes of Creation and the 21 separate stories of the iconic figure of Abraham are recast under the microscope of the prevailing Near Eastern context of their birth. Perhaps it was fantasy; perhaps it was the most real thing we will ever experience. The heartbreaking part of this love affair is that I am not really sure my lover ever really understood or appreciated my profound and unconditional love for her. I opened my heart to her through poetry and thoughtful letters, but she rarely showed me what was in her heart. Perhaps it was a one-sided love affair, but I surely think and hope not. I was convinced that she truly loved me through her words and actions. At least I

Tuberculosis is the greatest killer of all time. In this century and the previous one, it was responsible for the deaths of a thousand million human beings. Half way through the 20th century, people did not believe that a cure would ever be possible, but a few scientists throughout the world each played a part in finding that cure. The discovery changed history, yet that story has never been told.
