Haunted Hideout is filled with suspense and horror. Lydia and her children are placed in the Witness Protection Program after her husband is murdered by a drug cartel. They are taken to a new home. I like the build up to the horror. There us a second story. The Mystical Veil. I already have that story, so I did not have to read it.

A paranormal investigator explores a haunted Connecticut farmhouse—with the diaries of a resident detailing decades of unexplained phenomena. Nestled deep in Litchfield Hills, Connecticut, a 1790 farmhouse overlooks the epicenter of a paranormal crossroads. The family that resides there regularly encounters its own ancestors, as well as strangers - human and nonhuman - who seemingly occupy the same physical space in parallel worlds. When ghost hunters Ed and Lorraine Warren investigated, they dubbed it "Ghost Central". When William J. Hall visited the house, family member Donna Fillie showed him her journal of the paranormal activity she's experienced there over the years. Here is Donna's diary spanning five decades of uncanny occurrences, supplemented with background information provided by Hall. It tells of notes from old friends who insist they didn't deliver them; a grandson playing with an invisible - but very real - friend; and Donna awakening to phenomena at precisely 12:42 a.m. - an eerie correspondence to her house number, 1242. This compelling work includes many other kinds of

It wasn't a love story... it was a murder. How would this woman know? It happened more than a hundred years ago! When the tour is over, walking back home he's followed by an unseen stranger-a stranger doing their best to terrify him. And it works; he barely makes it back to his place. But the stranger's not finished; it pounds over and over at his apartment door, trying to get in! Mustering his courage, Ryan goes to confront the jerk. But nobody is there. On the following night things get even stranger. The old people are back. And once again, they have a problem with him. Back home after work, someone's waiting for him... Or is it 'something'? trying. As a mixed media artist and urban explorer with a love for abandoned houses and a big imagination when it comes to the past, 30 year old Taryn has never really met an old house she didn't like. In fact, she's made a career out of painting these sad, often derelict structures, to show them in their former glory for her clients. With Windwood Farm, though, she might have bitten off more than she can chew! The locals refer to it as "the devil's house" and even vandals have stayed away from this once grand stone farmhouse in Vidalia, Kentucky. Hired by the Stokes County Historical Society to paint it before it's demolished by a land development company, Taryn's determined to make friends with the house and farm everyone around her seems to be terrified of. As it turns out, though, their fears may just not be unfounded. Who is the woman whose cries echo throughout the farm and what does she want? What negative force about the house is so powerful that it won't even allow the upstairs bedroom to be touched? Does the 93 year old vanishing of the next door neighbor have anything to do with the house's mysteries? Taryn wants the answers to these and the house may just be trying to tell her because now, when she looks through her camera, she doesn't have to use her imagination to see the past— SHE CAN SEE IT! Will Taryn be able to figure out what happened here AND escape with her sanity and life before the house comes down? Because now it seems like someone is trying to kill her! Using what her camera reveals to her and her wits, she'll try to unravel the mysteries of the farm and get out before it's too late. The first book in the Taryn's Camera series.

It was a job any kid would kill for: to play a role in the Historical Society's Haunted House Halloween fundraising event. Ellen Streater was thrilled to play Joan of Arc, burning at the stake. It was for a good cause—to benefit the eerie old Clayton House, soon to reopen as a museum. They said the house was haunted. Ellen didn't believe it—until she felt a strange, icy feeling when she touched the beautiful Fairylustre bowl. Then she saw the ghost in the mirror—a beautiful phantom who beckoned her into a nightmare beyond her wildest dreams. "Entertaining and appealing, with lively and believable young people and a personable ghost."

House of Horrors. His story of supernatural happenings and malevolent spirits became a worldwide phenomenon, rivaling The Amityville Horror in popularity—and skepticism. Maggie was too young to remember any of the horrific events that supposedly took place, and as an adult she doesn't believe a word of her father's claims. Ghosts, after all, don't exist. When she inherits Baneberry Hall after his death and returns to renovate the place and sell it, her homecoming is anything but warm. The locals aren't thrilled that their small town has been made infamous, and human characters with starring roles in House of Horrors are waiting in the shadows. Even more unnerving is Baneberry Hall itself—a place where unsettling whispers of the past lurk around every corner. And as Maggie starts to experience strange occurrences ripped from the pages of her father's book, the truth she uncovers about the house's dark history will challenge everything she believes.
