multiple jurisdictions, and intertemporal issues.

~~Intermediate Public Economics | The MIT Press~~

" Intermediate Public Economics sets a new standard as a comprehensive text in public economic theory for advanced undergraduates and beginning graduate students. It combines clear and concise coverage of traditional topics, such as public goods, the theory of taxation, and externalities, with engaging and up-to-date discussion of more specialized topics such as political economy, fiscal federalism, and the effect of taxation on economic growth."
