The International Journal of
Computer Mathematics is a
monthly peer-reviewed
scientific journal covering
numerical analysis and
scientific computing. It was
established in 1964 and is
published by Taylor &
Francis. The editors-in-
chief are Choi-Hong Lai (
University of Greenwich),
Abdul Khaliq (Middle
Tennessee State University
), and Qin (Tim) Sheng (
Baylor University).

international conference of the IMACS TC1 Committee, held in Salerno, Italy, on 21st-23rd May 2019. The conference papers deal with modelling, simulation, analysis, control, power management, design optimization, identification and diagnostics in electrical power engineering. The main application fields include electric machines and electromagnetic devices, power electronics, transportation systems, smart grids, electric and hybrid vehicles, renewable energy systems, energy storage, batteries,

Read PDF International Journal Of Computer

Written by top experts in theoretical and applied computer science, information processing and engineering From Parallel to Emergent Computing provides a visionary statement on how computing will advance in the next 25 years and what new fields of science will be involved in computing engineering. This book is a valuable resource for computer scientists working today, and in years to come.
