bereavement expert, Dr Riet Fiddelaers-Jaspers. It will be of interest to anyone working with, or caring for, children bereaved by suicide, including bereavement counsellors, social workers and school staff, as well as parents, carers and other family members.

This newly revised edition of the book is designed for adult caregivers to read to surviving youngsters following a suicidal death. The story allows individuals an opportunity to recognize normal grieving symptoms and to identify various interventions to promote healthy ways of coping with the death of a special person. Although the language used in the book is simplistic enough to be read along with children and ultimately

their children through the difficult process of suicide bereavement. Explaining suicide is not a task that parents are usually prepared for. Parents and caregivers often feel lost and overwhelmed at the prospect of having to discuss suicide with their children. Written from the perspective of a child, this illustrated story provides a fictional character for children to relate to. The story guides children through the difficult emotions they may feel, but often find difficult to express. It ends by reassuring children that they can survive the pain of their loss, even though it currently feels unbearable. Parents and caregivers should read this book with their children. This book provides a means to explain suicide and suicide

bereavement in a way that children can understand, while also giving children permission to talk openly about their loss. The goal is to increase the sense of connection between parents and caregivers and their children and to help children feel understood and supported. In the supplementary parents guide, the author answers some of the common questions that arise for parents and caregivers, and covers specific examples of how they can respond to their children when discussing the suicide.

The period following the death of a friend or loved one can be tumultuous for anyone, but can be especially difficult for children, with lasting effects if the loss is

not acknowledged or supported. This book emphasises the importance of listening to children and helping them to create positive bonds that can sustain them as they go through their lives. It provides practical, creative approaches to support children in their time of bereavement and to those whose loved one is dying. By recognising feelings of pain, anger, and confusion through open and positive discussions, a child is able to build emotional resilience and create enduring memories of the person they have lost. The author explains the importance of developing continuing bonds between children and loved ones in times of bereavement and offers practical ways in which these bonds may be nurtured through creative activities,

How can children begin to understand death and cope with bereavement? And how can we, as adults, support and engage with children as they encounter this complex subject? Exploring how children and adolescents can engage with all aspects of death, dying and bereavement, this comprehensive guide looks at how children comprehend the death of a pet or someone close to them, their own dying, bereavement and grieving. It covers how you should discuss death with children, with a particular emphasis on the importance of listening to the child and adapting your approach based on their responses. The book offers

In a land faraway, there is a village where nobody likes to mix with anyone who is different from them. Until an unexpected visitor comes along, and shows the villagers how much stronger they are when they all come together... This vibrantly illustrated story helps children aged 3+ celebrate diversity and be kind to others. In the face of adversity, a stranger helps creatures of different shapes, colours and habits to unite, and transform their village into a harmonious rainbow. At the back is a support section for adults,

(literature) A series of stories which explore aspects of life in a paralytically sleepy Central American town, each advancing some aspect of the larger plot and relating back one to another in a complex structure. The larger, overriding plot slowly explicates its own background, even as it creates a town which is one of the most detailed literary creations of the period. In this book, O. Henry coined the term "banana republic".

"Jon, my husband, took his own life at the age of 35. He left for work at 7.30, as usual. He kissed me, and our two children, as usual. He told me he loved me, which was not usual, but that didn't occur to me until later." Sue Henderson candidly recounts the experience of

raising her family as a single parent survivor of suicide. Alongside an honest and moving account of the day-to-day practicalities and emotional impact of Jon's death, there's advice on how to talk to children about death and suicide, how to support them as they grow up, and how to be aware of the heightened emotional risks for bereaved children. She also draws on her experience as a social worker of 25 years to provide a theoretical framework for the book in which she discusses theories of grief and bereavement, issues of men's mental health, and the heightened incidence of male suicide.
