"How can I describe Notes from the Tilt-A-Whirl: Wide-Eyed Wonder in God ' s Spoken World? It is about philosophical questions, but it is not a philosophy book. It includes narrative, but it is not a storybook. At times it is poetic, but it is not a poem. Sometimes theology appears, but I would not put in under the theology section.

fearless Quinn, whose thrill-seeking sometimes goes too far. But the stakes get higher when Blake has to chase Quinn into a bizarre phantom carnival that traps its customers forever. In order to escape, Blake must survive seven deadly rides by dawn, each of which represents a deep, personal fear--from a carousel of stampeding animals to a hall of mirrors that changes people into their deformed reflections. Blake ultimately has to face up to a horrible secret from his own past to save himself and his brother--that is, if the carnival doesn't claim their souls first!

There isn't much sun in the fun when a billionaire real estate tycoon is found murdered on the Tilt-A-Whirl at a seedy seaside amusement park in the otherwise quiet summer tourist town of Sea Haven. John Ceepak, a former MP just back from Iraq, has just joined the Sea Haven police

department. The job offer came from an old army buddy who hoped to give Ceepak at least a summer's worth of rest and relaxation to help him forget the horrors of war. Instead, Ceepak will head up the murder investigation. He is partnered with Danny Boyle, a 24-year-old part-time summer cop who doesn't carry a gun and only works with the police by day so he has enough pocket money left over to play with his beach buddies at night. In the first novel in a new series written in the spirit of Carl Hiaasen's work, the Tilt-A-Whirl murder pushes Ceepak's deep sense of honor and integrity to the limits, as unexpected twists and turns keep the truth spinning wildly in every direction.

Nicholas Shrady tells the story of the Leaning Tower of Pisa, from its curse-ridden beginnings - construction was halted for a century after the erection of the first four stories in 1173 - through earthquakes, world wars, the onslaught of modern tourism, and a \$30 million stabilization and restoration. This singular monument stands (five degrees askew) in defiance of logic, gravity, and soaring odds - a mute witness to almost a millennium of history.

But as she tries to choose between insanity and oblivion, Bridget discovers that matters are not nearly so simple-or so hopeless-as she once believed. Elizabeth Burns weaves the beauty and imagery of her poetic voice into a story of pain, humor, struggle and ultimate redemption. Bravely intimate, astonishing in its honesty, Tilt walks a path that most "normal" novels fear to tread as it follows the journey of a woman desperate enough to fall-and strong enough to survive.
