Incorporate research-based reading strategies to give all your students access to the rich history of the United States. The program includes the finest scholarship and the most up-to-date maps from National Geographic.

Winner of the 2018 American Academy of Diplomacy Douglas Dillon Award Shortlisted for the 2018 Duff Cooper Prize in Literary Nonfiction “[A] brilliant book...by far the best study yet” (Paul Kennedy, *The Wall Street Journal*) of the gripping history behind the Marshall Plan and its long-lasting influence on our world. In the wake of World War II, with Britain’s empire collapsing and Stalin’s on the rise, US officials under new Secretary of State George C. Marshall set out to reconstruct western Europe as a bulwark against communist authoritarianism. Their massive, costly, and ambitious undertaking would confront Europeans and Americans alike with a vision at odds with their history and self-conceptions. In the process, they would drive the creation of NATO, the European Union, and a Western identity that continue to shape world events. Benn Steil’s “thoroughly researched and well-written account” (*USA TODAY*) tells the story behind the birth of the Cold War, told with verve, insight, and resonance for today. Focusing on the critical years 1947 to 1949, Benn Steil’s gripping narrative takes us through the seminal episodes marking the collapse of postwar US-Soviet relations—the Prague coup, the Berlin blockade, and the division of Germany. In each case, Stalin’s determination to crush the Marshall Plan and undermine American power in Europe is vividly portrayed. Bringing to bear fascinating new material from American, Russian, German, and other European archives, Steil’s account will forever change how we see the Marshall Plan. “Trenchant and timely...an ambitious, deeply researched narrative that...provides a fresh perspective on the coming Cold War” (*The New York Times Book Review*), *The Marshall Plan* is a polished and masterly work of historical narrative. An instant classic of Cold War literature, it “is a gripping, complex, and critically important story that is told with clarity and precision” (*The Christian Science Monitor*).

For high school students, *The American Republic Since 1877* presents the rich saga of American History after the Civil War. The modern history portion of *The American Vision*, this program features the same exceptional scholarship; up-to-date, accurate maps; peerless resources, and unique strategies found in *The American Vision*. This course makes modern American History understandable and relevant for every student. Features Glencoe’s one-of-a-kind content reading strategy makes it easier for your students to become active, critical readers through the use of: Reading Intervention Tools Graphic Organizers in section openers and assessments Prior Knowledge Activators in every lesson In-text Reading Checks Reading and Writing Prompts National Geographic maps add dimension to the narrative and give students an understanding of the inter-relationships of places and events. Our industry-leading technology allows us to bring you *The American Republic Since 1877* in three formats printed textbook, interactive multimedia online edition, and CD-ROM interactive edition. You and your students have access to the program’s vast resources whenever and however you wish.

Galbraith's classic on the "economics of abundance" is, in the words of the *New York Times*, "a compelling challenge to conventional thought." With customary clarity, eloquence, and humor, Galbraith cuts to the heart of what economic security means (and doesn't mean) in

Read Online Postwar Reteach Chapter 19 Key

today's world and lays bare the hazards of individual and societal complacency about economic inequity. While "affluent society" and "conventional wisdom" (first used in this book) have entered the vernacular, the message of the book has not been so widely embraced--reason enough to rediscover *The Affluent Society*. A captivating blend of personal biography and public drama, *The Wise Men* introduces the original best and brightest, leaders whose outsized personalities and actions brought order to postwar chaos: Averell Harriman, the freewheeling diplomat and Roosevelt's special envoy to Churchill and Stalin; Dean Acheson, the secretary of state who was more responsible for the Truman Doctrine than Truman and for the Marshall Plan than General Marshall; George Kennan, self-cast outsider and intellectual darling of the Washington elite; Robert Lovett, assistant secretary of war, undersecretary of state, and secretary of defense throughout the formative years of the Cold War; John McCloy, one of the nation's most influential private citizens; and Charles Bohlen, adroit diplomat and ambassador to the Soviet Union.
