Named the best personal finance book on the market by Consumers Union, Jane Bryant Quinn's bestseller Making the Most of Your Money has been completely revised and updated to provide a guide to financial recovery, independence, and success in the new economy. Getting your financial life on track and keeping it there -- nothing is more important to your family and you. This proven, comprehensive guidebook steers you around the risks and helps you make smart and profitable decisions at every stage of your life. Are you single, married, or divorced? A parent with a paycheck or a parent at home? Getting your first job or well along in

your career? Helping your kids in college or your parents in their older age? Planning for retirement? Already retired and worried about how to make your money last? You'll find ideas to help you build your financial security here. Jane Bryant Quinn answers more questions more completely than any other personal-finance author on the market today. You'll reach for this book again and again as your life changes and new financial decisions arise. Here are just a few of the important subjects she examines:

- Setting priorities during and after a financial setback, and bouncing back
- Getting the most out of a bank while avoiding fees
- Credit card and debit card secrets that will save you money
- Family matters -- talking money before marriage and mediating claims during divorce
- Cutting the cost of student debt, and finding schools that will offer big "merit" scholarships to your child
- The simplest ways of pulling yourself out of debt
- Why it's so important to jump on the automatic-savings bandwagon
- Buying a house, selling one, or trying to rent your home when buyers aren't around
- Why credit scores are more important than ever, plus tips on keeping yours in the range most attractive to lenders
- Investing made easy -- mutual funds that are tailor-made for your future retirement
- What every investor needs to know about building wealth
- How an "investment policy" helps you make wise decisions in any market
- The essential tax-deferred retirement plans, from 401(k)s to Individual Retirement Accounts -- and how to manage them
- How to invest in real estate at a bargain price (and how to spot something that looks like a bargain but isn't)
- Eleven ways of keeping a steady income while you're retired, even after a stock market crash
- Financial planning -- what it means, how you do it, and where to find good planners

Page by page, Quinn leads you through the pros and cons of every decision, to help you make the choice that will suit you best. This is the single personal-finance book that no family should be without.

True or False? * Always prepay your mortgage. * The right 401(k) or IRA will completely cover your retirement. * Defer your taxes and postpone the pain. * True wealth doesn't last forever. They're All False! MISSED FORTUNE 101 ...is like no other money guide you've ever read. Its author, successful financial strategist Douglas R. Andrew, dares to question the conventional wisdom on personal finance that most people accept. He reveals the ways banks, credit unions, and insurance companies amass tremendous wealth-what they do, and what they don't do. He shows you how to seize financial opportunities you never knew existed. With MISSED FORTUNE 101 as your guide, you'll never view your house, your mortgage, your retirement plans, your investments, and your other assets the same way again. * Put the lazy, idle dollars trapped in your home to work safely-and reap as much as an extra million. * Discover hidden and perfectly legal tax breaks-and treat yourself to some surprising windfalls. * Play the bankers' favorite game-borrow at one rate and invest at a higher one. * Explore lesser-known retirement vehicles-and avoid falling into a higher tax bracket when you stop working. * Turn your life insurance policy into an investment-and keep your taxes down and your capital up. * Find out which low-return instruments should be in your portfolio today-and why they'll become high-return stars tomorrow. * Reach your "freedom point"-your financial independence-long before "retirement age"! Learn the real rules of smart investing. Maximize your wealth with MISSED FORTUNE 101.

OVER 250,000 COPIES IN PRINT, WITH A NEW CHAPTER ON THE 2018 TAX CUTS.

There's a massive freight train bearing down on the average American investor, and it's coming in the form of higher taxes. The United States Government has made trillions of dollars in unfunded promises for programs like Social Security and Medicare—and the only way to deliver on these promises is to raise taxes. Some experts have even suggested that tax rates will need to double, just to keep our country solvent. Unfortunately, if you're like most Americans, you've saved the majority of your retirement assets in tax-deferred vehicles like 401(k)s and IRAs. If tax rates go up, how much of your hard-earned money will you really get to keep? In *The Power of Zero*, McKnight provides a concise, step-by-step roadmap on how to get to the 0% tax bracket by the time you retire, effectively eliminating tax rate risk from your retirement picture. Now, in this expanded edition, McKnight has updated the book with a new chapter on the 2017 Tax Cuts and Jobs Act, showing readers how to navigate the new tax law in its first year of being in effect, and how they can extend the life of their retirement savings by taking advantage of it now. The day of reckoning is fast approaching. Are you ready to do what it takes to experience the power of zero?

Introduce your students to the most progressive thinking about organizations today as acclaimed author Richard Daft balances recent, innovative ideas with proven classic theories and effective business practices. Written by a practicing emergency physician, *The White Coat Investor* is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. However, they receive little to no training in business, personal finance, investing, insurance, taxes, estate planning, and asset protection. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Straight talk and clear explanations allow the book to be easily digested by a novice to the subject matter yet the book also
