Purgatory is a heavy, slow-paced read, invested by an allegory (yeah, I'm showing off) where Christian martyrdom is shoved back in bigots' faces and where nature and eroticism only bring poetry. To call Purgatory, the first story of a planned trilogy, different is a start. Different isn't intended as a negative description here. But if you like your current book to feel just like the one you read before and the one you read before that, this book won't fit that pattern.

A third novel, Thomas Pierce's *The Afterlives*, is set in an unremarkable North Carolina town but hints at otherworldly planes of existence after its main character is revived from clinical death. The final work of the late Martinez, Purgatory is his most moving, most autobiographical novel.

has established himself as a startlingly original voice in thriller fiction. With Purgatory Ridge he cements his standing as a suspense writer of the highest caliber. Not far from the small town of Aurora (population 3,752) lies an ancient two-hundred-acre expanse of great white pines, sacred to the Anishinaabe and known to them as Minishoomisag (Our Grandfathers). Wealthy industrialist Karl Lindstrom does not have a reputation as a sensitive environmentalist, and some members of the Anishinaabe tribe are concerned about the proximity of the trees to his lumber mill. So when an explosion at the mill results in the death of a night watchman, it's obvious whom suspicion will fall upon. Cork O'Connor, in the throes of straightening out his life and repairing his marriage, is asked by his successor as sheriff to help with the

investigation. His sense of community obliges him to accept, but Cork has distinctly mixed feelings about the case. For one thing, he is part Anishinaabe himself. For another, his lawyer wife, Jo, represents the tribe. Meanwhile, in a secluded house that overlooks the lakeside home of the Lindstrom family, a reclusive shipwreck survivor and his sidekick also seem to be harboring some resentment of their own against the industrialist. And it soon becomes clear to Cork that harmony, both at home and in the town, will be on the back burner for some time. William Kent Krueger's precise and atmospheric prose, combined with his keen eye for the telling details of small-town life and his vivid sense of the land and seascapes of northern Minnesota, will impress and delight both his old fans and those discovering him for the first time.

When a day trip out of Las Vegas with his wife takes a turn for the worse, Jack is sure that he has the ability to get them home. But he drove into something far beyond reason. Rescue comes in the form of a desert hermit, but hope fades as the couple comes to realize that the nomad has no intention of letting them leave. A chance encounter with a kidnapped runaway and her crazed abductor leads them all farther into the wilderness--and closer

to the cold brutality that isolation brings. At the edge of his sanity, Jack begins to learn that playing by another's rules may be the only way to survive. In a voice that is as hypnotizing as a desert mirage, debut novelist Samuel Parker entices readers down a dangerous road, where the forces of good and evil are as crushing as the Mojave heat. This is suspense in its purest, most unfiltered form.

An interstellar craft is decelerating after its century-long voyage. Its destination is V538 Aurigae ?, a now-empty planet dominated by one gigantic megastructure, a conical mountain of such height that its summit is high above the atmosphere. The ship's crew of five hope to discover how the long-departed builders made such a colossal thing, and why:

a space elevator? a temple? a work of art? Its resemblance to the mountain of purgatory lead the crew to call this world Dante. In our near future, the United States is falling apart. A neurotoxin has interfered with the memory function of many of the population, leaving them reliant on their phones as makeshift memory prostheses. But life goes on. For Ottoline Barragão, a regular kid juggling school and her friends and her beehives in the back garden, things are about to get very dangerous, chased across the north-east by competing groups, each willing to do whatever it takes to get inside Ottoline's private network and recover the secret inside. Purgatory Mount, Adam Roberts's first SF novel for three years, combines wry space opera and a fast-paced thriller in equal measure. It is a novel about memory and atonement,

about exploration and passion, and like all of Roberts's novels it's not quite like anything else.

Sammy Dee is a mid-level Long Island mafioso in witness protection. Didier Onyekachukwu was the corrupt minister of finance of the former Upper Volta. Both men find themselves in middle age, living in the Southern California version of genteel poverty in a down-market condo complex called Paradise Gardens. Enter Marcy Gray, a “mature” actress barely getting by on a meager SAG pension. She is looking for a guy to help her through the duration and, frankly, at this point her standards are not as high as they should be; she'd settle for someone who doesn't pick his teeth at the table and who drives at night. Occasional sex and some travel

wouldn't hurt. Her search has narrowed to two fellow residents: Sammy and Didier, who, being male, are mostly interested in getting into Marcy Gray's pants. Though a little of the money they mistakenly think she has wouldn't hurt either. Once both men realize that the other is the primary obstacle to Marcy's affections, each decides to put a hit on the other, and winds up unknowingly hiring the same father-son demolition squad. As the contract killers play both of their clients against one another, Marcy manages to keep both men out of her bed until one or the other of her prospects passes muster. Poisoned pizza, blown-up cars, sex in the sauna, and media madness ensue. It's Elmore Leonard meets Carl Hiaasen as directed by the Coen brothers. But this fragile existence is threatened when a vigilante begins targeting the scum of Galway, signing mysterious notes with the moniker “C33.” The murderer addresses these cryptic letters to Jack, trying to goad him into joining the violent spree. While Jack tries to unravel the mystery and motives of this demented killer, he’s also brought into the fold of an enigmatic tech billionaire who has been buying up massive amounts of property in Galway, seemingly in the hopes of offering this downtrodden city a better future. Yet if Jack has learned one thing living in Ireland, it’s that people who outwardly claim to
