understanding of biology.

The Quarterly Review of Biology | List of Issues

A review paper is a different beast altogether. Where research reports do include the expert literature, a Review paper looks at solely published reports to explain what is happening in an area of research as a whole. Review Articles make a different sort of contribution to science (McMillan, 2001, 3, emphasis added):

Writing a biology paper can seem like a daunting task when you have no idea how to start. Most students would love to be able to write the perfect biology lab report, however, many of them do not know much about the importance of the writing process or strategy involved. With proper planning and strategic reflection before writing your scientific paper, it can make your quality of work much ...
