The last but by no means the least in the Samsung Ultra Edition II lineup is the Ultra Edition 5.9 (U100), the slimmest phone in the world. Officially heralded as the worlds slimmest handset, a title which it stole from its big brother, the Samsung X820, the Ultra Edition 5.9 (U100) is thin enough to disappear if turned on its side, yet incredibly robust and packed full of functionality.

Samsung already makes customers buy a charger separately if they want to use the 45W charging speeds that some of its devices support. Those devices come with a 25W charger in the box. We can expect that to remain the case even if the earphones are removed. There's precedent for Samsung not shipping earphones with a flagship smartphone.
