~~Step 1: Know What You Really Want. Sense the subconscious mind favors what you really want, its good to focus on it instead of what you don't want. For example, if you don't want to get ill—besides, who does—then focus on perfect health. The idea is to be positive because the mind is designed to be optimistic. Most of the hindrance to attaining a positive mind set is that we are more focus on the form rather than the essence.~~
