In detail the embattled territory from Kandahar in Afghanistan to Pakistan's Northwest Frontier

Province and Federally

Administered Tribal Areas. They pull apart the distinctions between the Taliban and al Qaeda--and the fractures within each movement;

assess the effectiveness of

American and Pakistani

counterinsurgency campaigns; and explore the pipeline of militants into and out of the war zone.

Throughout, these scrupulously researched studies challenge convenient orthodoxies.

Counterterrorism expert Brian Fishman criticizes the customary distinction between an Afghan and Pakistani Taliban as being too neat to describe their fragmented reality. Hassan Abbas paints a

The subtle portrait of the political and religious forces shaping the insurgency in the Northwest

Frontier Province, uncovering poor governance, economic distress, and resentment of foreign troops in nearby Afghanistan. And Peter Bergen and Katherine Tiedemann try to identify the real numbers of drone strikes and victims, both militants and civilians, while disputing claims for their strategic effectiveness. These and other essays provide profound new insight into this troubled region. They are required reading for anyone seeking a fresh understanding of a central strategic challenge facing the United States today.

From the author of the New York Times bestselling *Holy War, Inc.*, this is the definitive account of the decade-long manhunt for the world's most wanted man, Osama bin Laden. Al Qaeda expert and CNN national security analyst Peter Bergen paints a multidimensional picture of the hunt for Osama bin Laden over the past decade, including the operation that killed him. Other key elements of the book will include: - A careful account of Obama's decision-making process as the raid was planned - The fascinating story of a group of women CIA analysts who never gave up assembling the tiniest

Talibanistan Negotiating

through different lenses - the Soviet intervention, the civil war, the Taliban, and the post-2001 nation-building era. Yet, as experienced by local inhabitants, the Helmand conflict is a perennial one, involving the same individuals, families and groups, and driven by the same arguments over land, water and power. This book - based on both military and re- search experience in Helmand and 150 inter- views in Pashto - offers a very different view of Helmand from those in the media. It demonstrates how outsiders have most often misunderstood the ongoing struggle in Helmand and how, in doing so, they have exacerbated the conflict, perpetuated it and made it more violent - precisely the opposite of

what was intended when their interventions were launched. Mike Martin's oral history of Helmand under- scores the absolute imperative of understanding the highly local, personal, and non-ideological nature of internal conflict in much of the 'third' world.

This award-winning foreign correspondent ' s vivid account of Central Asia ' s recent history “ reads like a novel but is the stuff of hard-won journalism ” (Gary Shteyngart, author of Absurdistan). Here are the stories of two revolutions, a massacre of unarmed civilians, a civil war, a drug-smuggling highway, brazen corruption schemes, contract hits, and larger-than-life characters

who may be villains, heroes, or possibly both. Restless Valley is a gripping, contemporary chronicle of Central Asia from a veteran journalist with extensive experience in the region. Both Kyrgyzstan and Uzbekistan have struggled with the challenges of post-Soviet, independent statehood, and both became entangled in America ' s Afghan campaign when the United States built military bases within their borders. Meanwhile, the region was becoming a key smuggling hub for Afghanistan ' s booming heroin trade. Through the eyes of local participants—the powerful and the powerless—Shishkin reconstructs how Kyrgyzstan and Uzbekistan have ricocheted between extreme repression and democratic

receiving more aid than any nation except Israel. This is not the first time that the world and has turned its gaze to Egypt, however. A half century ago, Egypt under Nasser became the putative leader of the Arab world and a beacon for all developing nations. Yet in the decades prior to the 2011 revolution, it was ruled over by a sclerotic regime plagued by nepotism and corruption. During that time, its economy declined into near shambles, a severely overpopulated Cairo fell into disrepair, and it produced scores of violent Islamic extremists such as Ayman al-Zawahiri and Mohammed Atta. In *The Struggle for Egypt*, Steven Cook--a Senior Fellow at the Council on Foreign Relations--explains how this

parlous state of affairs came to be, why the revolution occurred, and where Egypt might be headed next. A sweeping account of Egypt in the modern era, it incisively chronicles all of the nation's central historical episodes: the decline of British rule, the rise of Nasser and his quest to become a pan-Arab leader, Egypt's decision to make peace with Israel and ally with the United States, the assassination of Sadat, the emergence of the Muslim Brotherhood, and--finally--the demonstrations that convulsed Tahrir Square and overthrew an entrenched regime. Throughout Egypt's history, there has been an intense debate to define what Egypt is, what it stands for, and its relation to the world. Egyptians

now have an opportunity to finally answer these questions. Doing so in a way that appeals to the vast majority of Egyptians, Cook notes, will be difficult but ultimately necessary if Egypt is to become an economically dynamic and politically vibrant society.

This volume examines "jihadi" content on the Internet by drawing on both Arabic and English primary source materials. After examining this content as digital media, the work looks at how it is productively consumed by online communities, including how "jihadi" individuals construct themselves online and how jihadism is practiced and represented as an online activity. The work also discusses the consumption of such

Jihadi media by those who are hostile to radical Islam and the relation between fantasy, pleasure, ideology, and ordinary life. This unique survey features case studies, such as the cyberjihadi "Irhabi 007," pro-US and Israeli "patriots" who are often openly Islamophobic, and "Infovlad" --a forum that became the meeting place for radical Islamists and radical freelance "counter terrorists." This innovative approach to studying violent content on the Internet is a significant contribution to the literature that will appeal to anyone interested in political violence, terrorism, and political communication.

Osama bin Laden's global terrorist network, al-Qaeda, discussing its operations and mission, the planning and execution of specific terrorist acts, and future threats from militant Islamic movements.

The book is a political biography of the author-in which she has intertwined the impacts that key political events of the country have had on her personal life-and on the destiny of the nation. It is also an anecdotal account of missed opportunities. The narrative begins with a chapter on the author's privileged childhood, her entry into politics, and the hurdles and struggles that she faced along the way as a woman politician in the male dominated society of rural Punjab. She provides details of the

deterioration and erosion of the country's institutions. A unique insight has been offered on the rise of extremism. Pakistan's close embroilment in Afghanistan has been covered, beginning from the late seventies right up to the first decade of the twenty-first century. The book goes on to discuss the high developmental potentials of Pakistan, when it was carved out of India as a separate country at the time of Partition in 1947; the unremitting diminishing progressive curve since the country's inception; and the consequent rise of militant and extremist groups emerging out of religiosity rather than religion onto its political landscape. The author attempts to provide insights into the reasons: poverty and inequity

### Talibanistan Negotiating

of our societal construct, conspiracies spawned by individuals and interests, both at the national as well as international levels, who merely sought to serve what were often their perceived short-term aims and objectives. As an individual and as a politician, the author often found herself caught up, quite unwittingly, in the vortex of this issue and ensuing events, with her life often under threat, and her career in politics interrupted, even prematurely curtailed. Light has also been shed on the regressive elements in Pakistan. Reliant on personal notes and diaries and other source material, Syeda Abida Hussain in this book, has recorded events that have resonated with her, and in which she had some part to play.
