time to adapt, but the foundation will already be there.

~~Why so hard? How to learn a second language as an adult~~

~~...~~

Language education - the process and practice of teaching a second or foreign language - is primarily a branch of applied linguistics, but can be an interdisciplinary field. There are four main learning categories for language education: communicative competencies, proficiencies, cross-cultural experiences, and multiple literacies.

Use visuals to teach language. An important way to teach language is to use visuals in order to build word association. By using visuals to promote word association, your students will be able to make stronger connections between ideas and new words that they are learning in your class. Consider: Pictures and photographs. Post-cards. Video. Maps.
