Isaac Asimov's Robot novels chronicle the unlikely partnership between a New York City detective and a humanoid robot who must learn to work together. Like most people left behind on an over-populated Earth, New York City police detective Elijah Baley had little love for either the arrogant Spacers or their robotic companions.

The Caves of Steel is a science fiction novel by American writer Isaac Asimov. It is a detective story and illustrates an idea Asimov advocated, that science fiction can be applied to any literary genre, rather than just being a limited genre in itself. The book was first published as a serial in Galaxy magazine, from October to December 1953. A Doubleday hardcover followed in 1954.

For the sake of simplicity and focus, the robot short stories, the Empire novels, and the Caliban trilogy are left out as interesting, but non-essential. First, the four Robot novels should be read before the Foundation novels, in chronological/publication order: A) The Caves of Steel B) The Naked Sun C) The Robots of Dawn D) Robots and Empire
